SOURCE Sinkiang Jih-Pao (Sinkiang Daily) No 431, 1949. (Information requested.)TAIWAN MACHINERY COMPANY PROGRESSES

The Taiwan Machinery Company, Limited, a government project, has been making good progress during the past year. The Takao (Kao-hsiung) works of the company has turned out more than a 1,000 tons of sugar mill machinery. Much of this has found a market on the mainland. Ten fishing and freight boats of under 200 tons capacity, and 200 railroad cars have been built. The 200-horsepower and 150-horsepower crude-oil engines manufactured by the company have been marketed in several of the provinces. Twelve narrow-gauge locomotives for sugar factories were constructed for the Taiwan Sugar Company.
